TERMS and CONDITIONS

Settlement Terms: Payment on invoices is due on the 20th of the month following the month of delivery net and without set off. A surcharge amounting to 2.5% + VAT is added to all invoices and this may be deducted if payment is received by the due date. An additional 1% settlement discount may be deducted from the goods value on invoices if payment is received within 10 days of invoice date (excluding credit card payments). The Company shall be entitled to charge simple interest on overdue accounts at a rate equal to Minimum Lending Rate plus 5%, and further entitled to charge collection costs incurred on overdue accounts.

Retention of Title: Until such time as goods supplied and all monies due have been fully paid for they remain the property of Typhoon International Limited (although the risk therein passes to the customer at the point when delivery begins).

Carriage and packing excluding kayaks: UK mainland orders of £300 and over are delivered carriage free by the cheapest method. UK mainland orders under £300 will be charged carriage and packing of £9.50. EU orders (except UK mainland) will be charged carriage and packing of 29euro. Special deliveries (eg. Saturdays) and non EU orders will be quoted on request.

Kayak Carriage: For this season we maintaining our carriage terms for Kayaks from Last year, that is as follows:
1-2 Kayaks Mainland UK (excluding Highlands, Islands and Northern Ireland) £25 per kayak.
3+ Kayaks Mainland UK (excluding Highlands, Islands and Northern Ireland) £15 per kayak.

All other destinations POA.

Minimum Order Value: Orders under £100/120 euro are subject to a surcharge of £10/12 euro per order, except spares which are not subject to the minimum. Additions to existing orders are subject to the minimum order value.

Cancellations: Order cancellations are only acceptable if received in writing and agreed by the Company. The Company reserves the right to invoice an amount equivalent to 50% of the value of the cancelled order.

Restocking: A handling charge of 20% will be made on all goods returned in good condition for credit unless they have been incorrectly supplied, provided consent has been obtained in writing. The goods remain at the customer's risk until such time as they have been received.

Warranty Claims Excluding Kayaks: In the event of a warranty claim the company reserves the right at its option to effect a repair and return the product, exchange new for old or credit the original cost of the product.

Kayak Warranty: In order to minimize the cost of warranty claims when they occur we now like to conduct the initial investigations digitally. A digital photograph and written description will generally allow us to determine whether the problem is likely to be under Warranty. Along with this we would require the serial number of the boat and proof of purchase. If the fault is deemed to be a warranty failure then we will arrange collection of the

boat and exchange new for old or credit the original cost of the Kayak. In those instances where we cannot determine if the fault is a warranty claim via this method we will either arrange visual inspection of the boat by one of our representatives or we will arrange collection of the boat from the retailer. However we will divide the carriage costs equally between all concerned parties in this case.

Loss of Goods/Damage: Goods invoiced but not received must be notified by telephone with subsequent written confirmation within five days of receipt of invoice, otherwise claims cannot be entertained. Damages must be notified within seven days of receipt of goods and damaged cartons must be signed for as damaged.

Specifications: We reserve the right to change specifications published without notice.

Value Added Tax: The trade price excludes VAT. VAT will be charged at the current rate, automatically allowing for the 1% settlement discount, irrespective of whether it is taken or not. EC customers will be charged VAT at the current rate unless a valid VAT registration number is provided.

Prices: The Company reserves the right to change prices without notice. Prices charged will be those ruling at the time of despatch unless otherwise agreed. Discounts may assume that a turnover level will be reached. The Company reserves the right to re-invoice to a lower discount band if turnover falls short by 31st October.
